

# **Product Evaluation**

WIN2110 | 0816

**Engineering Services Program** 

The following product has been evaluated for compliance with the wind loads specified in the International Residential Code (IRC) and the International Building Code (IBC).

This product evaluation is not an endorsement of this product or a recommendation that this product be used. The Texas Department of Insurance has not authorized the use of any information contained in the product evaluation for advertising, or other commercial or promotional purpose.

This product evaluation is intended for use by those individuals who are following the design wind load criteria in Chapter 3 of the IRC and Section 1609 of the IBC. The design loads determined for the building or structure shall not exceed the design load rating specified for the products shown in the limitations section of this product evaluation. This product evaluation does not relieve a Texas licensed engineer of his responsibilities as outlined in the Texas Insurance Code, the Texas Administrative Code, and the Texas Engineering Practice Act.

For more information, contact TDI Engineering Services Program at (800) 248-6032.

**Evaluation ID:** WIN-2110 **Effective Date:** August 1, 2016

**Re-evaluation Date:** June 2017

**Product Name:** Series 335 Vinyl Fixed Transom, New Construction, Non-Impact Resistant

Manufacturer: Atrium Windows & Doors

9001 Ambassador Row

Dallas, TX 75247 (214) 637-2696

#### **General Description:**

| System | Description  | Label Rating     | <b>Design Pressure Rating</b> |
|--------|--|------------------|-------------------------------|
| 1      | Series 335 Vinyl Fixed Transom<br>New Construction | LC-PG50 72x24-TR | +50 / -50 psf                 |

#### **Product Dimensions:**

| System | Overall Size | Glass Daylight Opening Size |
|--------|--------------|-----------------------------|
| 1      | 72" x 24"    | 68" x 20"                   |

#### **Product Identification (Certification Label on Window):**

| System |  |                                 |
|--------|--|---------------------------------|
| 1      | Certification Agency                   | AAMA                            |
|        | Manufacturer's Name or Code Name ADW-8 |                                 |
|        | Product Name                           | VPD TRANSOM (335)               |
|        | Test Standards                         | AAMA/WDMA/CSA 101/I.S.2/A440-08 |

### **Impact Resistance:**

| System | Impact Resistant | Requirement  |
|--------|------------------|--|
| 1      | No               | Provide an impact protective system when installing the product in |
|        |                  | areas that require windborne debris protection.                    |

**Acceptance of Smaller Assemblies:** Window assemblies with dimensions equal to, or smaller than those specified are acceptable with the limitations specified in this report.

## Installation:

| System |                           |   |  |
|--------|---------------------------|---|--|
| 1      | Type of Installation      | New Construction – Nail Fin                 |  |
|        | Wall Framing              | Spruce-Pine-Fir Dimension lumber            |  |
|        | Fasteners                 | Minimum No. 8 screws                        |  |
|        | Fastener Location/Spacing | Approximately 2" from each corner and 8" on |  |
|        |                           | center along the perimeter                  |  |
|        | Fastener Penetration      | Minimum 1-1/2" into the wall framing        |  |

**Note:** Keep the manufacturer's installation instructions available on the job site during installation. Use corrosion resistant fasteners as specified in the IRC, the IBC, and the Texas Revisions.
